Subject: Transmittal of Final Phase 4 Remedial
Investigation and Interim Actions Report
GE-Spokane Project

Dear Guy:

Enclosed are six (6) copies of the Final Report of the Phase 4 Remedial Investigation and Interim Actions. Please note that some changes have been made in Appendix F to correct errors that were discovered after we sent you the "red-lined" revision. We are preparing a separate summary of the distribution of remaining chemicals in soils per your June 28 request. This summary is being excerpted from the draft FS 1 report.

Please let me know if you have any questions or comments about the report. I can be reached at (415) 768-3385.

Sincerely,

R. A. Stenzel
Project Manager
